In the Twenty-eighth, or Bushwick district, Brooklyn, which is a strong German section, the Republicans are split over John G. Deubert, the State Committeeman, who has nominated Schnittzpan again for Senator, after one stinging defeat.

As in Manhattan, the Republicans now have far more than their normal quors of legislators, and any changes this year will be favorable to the Democrats.

The factional row in the Nineteenth, or Wilkiamsburg district, may endanger the chances of Abraham De Graw against Thomas C. Whitlock.

The Shoes and Cap Left in Slain Man's House Tried on the Suspect and Both Fit Him, Say the Police.

HE HAS A BAD RECORD.

Dominico Ricco, alias Michael Rose who was arrested at Norfolk, Va., connection with the mysterious murde of Albert C. Latimer, was taken from the Adams street police station to Police Headquarters in Brooklyn this morning and examined by Inspector McLaughlin and Capt. Reynolds.

The latter said later in the day:

"The shoes and the bleycle cap which were found in the Latimer house after the murder were tried on Ricco. The shoes went on his feet, but my impres-sion is that they did not fit very well. They are of soft leather, however, like all bicycle shoes, and owing to this it might not be significant if they failed to conform to the feet. The cap went on the man's head, but it fitted tight.

"Ricco was brought here specifically on a charge of burglary. There is an indictment against him now for having entered the house of the Rev. Calvin Lauffler in Astoria. He will be tried on hat soon."

Ricco denied positively that he had committed the burglary, but admitted that he knew Clare, Manet and Flan-nagan, members of the Buckley street

"Half my patients need more iron," said "our doctor."

Iron makes rich, red blood. Yet it is very hard to give iron so it will do any good.

There are thousands of keys in the world-only one or two unlock your door. So we know of only one or two combinations of iron that seem to do the work.

By far the most generally useful prescription we know of is Vinol.

It has helped a great many cases in this town.

It contains the medicinal qualities of cod liver oil, ironthat-can-be-digested, and a little table wine.

It works wonders in weak women, pale children, old HORACE WATERS & CO., people, and any run-down condition. Money back if you

\$2,000 to Doctors !

David B. Spence Spent a Small Fortune on Physicians, and at Age of 67 Was Restored to Health by Munyon's Rheumatism Cure.

For 20 years I sunered with Rheumatism, frequently being connned to my bed for a week or ten days. I tried dozens of doctors and spent over \$2,000, but could get no revilef. Two of my brothers died with it, and it seemed almost certain that I was doomed to the same fate. One day in going over to Louisville I met a friend who told me his wife (who was so bad with this disease that he had to give up his work to take care of her) had been completely cured by Eunyon's Rheumatism Cure, and advised that I try it. I began to try it at once. I suppose that I too six or seven doses before I got back to my home, near New Albany. By that time I felt at least 50 per cent. better. I continued to use the Rheumatism Cure until I had taken about half a dozen bottles, when I was entirely cured and have not had any return of the disease since that time (which was about four years ugo). I have recommended this remedy to a great many of my friends, who suffered with Rheumatism, and never knew it to fail. I am a stationary engineer and am now 67 years old.
